Luxury

THE SAFARI COLLECTION

LUXURY WITHOUT BOUNDARIES.

REMALIK · SAFARI 2026

YOUR LAND. YOUR JOURNEY.

Some places are reached. Others are lived. SAFARI is designed for the second kind of journey — the open shoreline at first light, the long table under the awning, the quiet hour when the road is done and home is exactly where you parked it.

THE WORLD OF REMALIK

MOBILE LIVING, THOUGHTFULLY MADE.

REMALIK creates caravans for travel and mobile living, bringing contemporary design, everyday comfort and the freedom to explore together in one complete concept. The range is organised in two collections — SAFARI, the luxury collection, and VENTURE, the practical edition.

FREEDOM

We believe in the freedom to choose your destination, your path, and how you experience your journey.

CRAFTSMANSHIP

We care about every detail, crafting our solutions to combine durability, precision and thoughtful design.

COMFORT

We believe exploration and adventure should never mean compromising on comfort and luxury.

THE SAFARI PHILOSOPHY

CRAFTED FOR THE EXTRAORDINARY.

SAFARI is the luxury collection of REMALIK: generous layouts, premium European equipment and interiors designed around light, space and quiet comfort.

SPACE

Five layouts from 4.5 to 6.2 metres of body length, sleeping four to six.

COMFORT

Truma gas heating, orthopaedic mattresses and convertible lounges in every model.

KITCHEN

Thetford appliances throughout; gas oven and three-burner hob in SAFARI 500, 600 and 620.

SHELL

Fibre-insulated aluminium body, rated to -15°C as standard, -30°C as an option.

ENGINEERING & CRAFTSMANSHIP

PRECISION IN EVERY DETAIL.
